

Since 1996 Diamond Geriatrics has provided experienced, professional services to Seniors, families and caregivers.

The Diamond Four Core Services offer you a clear plan of action, connect you to the services you need and the housing that fits.

We advocate for you, guide you through the system, and manage and monitor care the way you want it to be.

"I'm so glad I have you. You are like a friend I can talk to." - Mrs. O., 92

About Us

Peter Silin, MSW, RSW, CCC, Principal of Diamond Geriatrics, has worked professionally across Canada and the U.S. in the field of aging since 1980. He is an author, speaker, and national eldercare consultant for business and the Canadian Government.

The Diamond team approach with Nursing, Physiotherapy, Pharmacy, and Elderlaw assures you the highest quality care.

"Your wisdom will help me through the days ahead" - W.H., Son

Seniors and Families tell us about 4 key concerns during times of transition and changes in life.

- ◇ How do I find the services I need and plan for the future?
- ◇ How do I find my way through the maze of long term care?
- ◇ Should I stay in my home or move to a seniors residence?
- ◇ Is there anyone I can trust and talk to?

"Peter knows what to look for, what questions to ask and how to assess what people I need." - Karen, Alaska

"Peter really cares. He makes me feel confident that my sister will be taken care of" - Pat, Seattle

The Diamond Four Core Services

1 Care Management

Assessment, Planning, Monitoring:
Our Professional Care Manager will listen carefully to your concerns to develop a comprehensive care map with recommendations for services and care. We can help implement your plan and manage and monitor care in your home or in a seniors residence. We keep families informed and involved with regular reports.

2 Navigating Care

We act as Navigators and Advocates, guiding you through the health care system. We help you find the right people to talk to and show you how to obtain the services or care you are entitled to, whether it is in the doctor's office, the hospital, a care facility, or with "the system."

3 Seniors Housing

Sometimes your heart says, "stay in my home," while your head tells you "it's time to move." We help you make that decision and find the best options. We even take you to visit so that if you move you feel at home, and confident you've made the right choice. Our Care Managers have many years experience in Seniors Housing. We work with all residences, public or privately funded. (And if they offer a referral fee, we turn it over to you!)

4 Counselling

In a safe and supportive environment, you and your family can work with our professional counsellor to clarify issues, create solutions, and find peace of mind.

At Diamond we are like a member of your family. We are there for seniors, family and long distance caregivers, the sandwich generation, sisters, brothers, and spouses.
